Refugee Women Empowerment (RWE)

This service has delivered 14 job coaching sessions this month with one of the beneficiaries saying;

Saskia, thank you so much for your support and advice regarding my cv. I have learnt very helpful tips such as being a keen listener. I must say you are such a professional when it comes to cv writing. During my sessions with Saskia I have been able to discover abilities, skills and experiences that are beneficial towards my job searching which I would not have discovered without her help. I am also gaining confidence and able to think positively concerning my career.

The project requirements have been updated and we can now serve individuals who have been unemployed for less than a year who are from jobless households, low-skilled, or have a disability.

For more information visit our [RWE webpage](#).

Community Transport

The project has been a saving grace to those in the community with;

- **19** one to one services home visits
- **115** engagements through the 'weekly shop', 'walk & talk' and transport pickup services.
